Official Disclaimer

Community Medical Service & Essential Drugs (CMS & ED) Course

The Community Medical Service & Essential Drugs (CMS & ED) course is an academic and skill-based training programme conducted by the Association for Primary Health Care support, First Aid, Essential Drugs awareness, preventive health care, and community health education.

This programme is structured in alignment with Primary Health Care principles advocated by the World Health Organization (WHO), including the Alma-Ata Declaration.

The CMS & ED course does not confer any medical degree and is not equivalent to MBBS, BAMS, BHMS, BDS, or any other recognized medical qualification.

Certificate holders are not authorized to practice as Doctors or Registered Medical Practitioners.

The scope of training is limited to basic health support, first aid, preventive care, and referral services only.

All activities are subject to applicable laws of India and directions of competent authorities, including the Hon'ble Supreme Court of India.

The Association shall not be liable for any misuse or misrepresentation of the certificate.
